

Worksheet 2

There's a Train Coming!

Unscramble the Story

In the story, we read about a train crash. Can you unscramble the events which took place?

Number each of the following statements (1-10) to show the order in which they happened.

- The injured were taken away to hospital.
- The train driver tried to stop using the emergency brake.
- The train slid along the railway line, and over a bridge, before coming to a stop.
- The train driver saw the car on the line.
- The train struck the car at high speed.
- The front carriage of the train left the rails and rolled over on its side.
- Ambulance and police arrived at the scene of the wreck.
- Passengers were travelling home, not expecting anything unusual to happen.
- The train left the station not far from the lake.
- Two men got their car stuck on the railway line.
